Subject: MLPAComments: Monterey City Council Meeting 2/22/06, 4pm

At the above date and time, the Monterey City Council will hear informational presentations on Packages 1, 2, and 3, from the primary proponents of those MPA-Network packages. John Ugoretz from the DFG will also provide a brief summary of the MLPA Initiative process. There will be time for public comment, and for comments and questions from City Council members.

This is an "information-only" session, and the City Council will take no position at this meeting regarding endorsing one or more of the packages. However, they could choose to endorse one or more at a later meeting.

The Monterey City Council Chambers is located at the corner of Pacific and Madison Streets, in Monterey.
